

EVM Presentation

What a great presentation we had with Mostaffa Abel Razik this last month on EVM techniques specific to a program EAC. This information can be vital in presenting the early indicators of EVM on program issues or opportunities to owners. Another thank you to all those that participated and attended. We hope to see you at our service project this month!

Hello All, I wanted to let each of you get to know me a little better and hopefully get things started with the spot lights on our members.

My name is Ty Moore. I have lived in Utah most of my life and love the mountains. I currently work for Tecolote Research Inc. as a Senior Cost and EVM Analyst. At Tecolote I have many responsibilities to the Intercontinental Ballistic Missile Directorate, but mainly deal in data and performance analysis. I also deal in risk and uncertainty assessments, cost engineering, and operation research. I have obtained both a Bachelors and Masters in Accountancy from Weber State University. I also have a graduate certificate in IT Assurance. During my time at Weber State I was the President of the Beta Alpha Psi Honor Society for Accounting, Finance, and IS&T majors. I have over 10 years of experience in analysis and finance. Prior to my time at Tecolote I worked for the IRS as a Tax Compliance Officer (I know one of the bad guys). Prior to that I was at Wells Fargo. I gained much of my prior experience to Tecolote while working full-time through school. I have a beautiful wife of almost 8 years and three kids Sam(4), Axyl (2), and Chuck (2 months) pictured to the left. I look forward to getting to know all of you and helping make our section a success.

Meetings

Our meeting for November will be on the 21st Thursday from 2pm to 3pm MDT. We will be providing clean up after the 2019 Salt Lake City Mission Thanksgiving Food Box Giveaway. The location is 1151 S Redwood Rd.

We will continue to meet on the fourth Wednesday of every month.
